RITENUTO che appare opportuno procedere, mediante incidente probatorio, a perizia diretta ad accertare la concreta dinamica dell'incidente occorso alla Costa Concordia e del conseguente naufragio, anche mediante acquisizione, lettura ed analisi dei dati contenuti nelle memorie digitali dei Voyage Data Records oggetto di sequestro;

RITENUTO che le suddette prove, dirette ad una compiuta ricostruzione dell'evento (nonché delle specifiche responsabilità dei singoli) in un'ottica marcatamente tecnico-specialistica, appaiono con ogni evidenza rilevanti in sede dibattimentale;

RILEVATO che le suddette prove possono essere assunte in sede di incidente probatorio, ai sensi dell'art. 392 comma 1, lett. f) e comma 2 c.p.p. (tenuto conto della possibile incidenza del decorrere del tempo sull'accertamento in questione, poiché il relitto può essere soggetto a modificazioni);

Ritenuto che la richiesta in questione sia ammissibile e rilevante, in quanto ricorrono i presupposti previsti dall'art. 392, comma 2° cpp, tenuto conto della natura degli accertamenti richiesti che, ove disposti in dibattimento, verosimilmente ne determinerebbero una sospensione superiore a sessanta giorni;

Rilevato che la richiesta è stata notificata agli indagati ed ai loro difensori in data 20/01/2012, e che la prova dell'avvenuta notifica è stata depositata presso la cancelleria di questo Ufficio in data 23/01/2012 ;

Visti gli artt. 392 e segg cpp
